Innovative Publishing Company Launches Inspirational New Book for Women

City, State – October XX, 2009 – Suber-Pullins Publishing has announced the launch of the book titled Victorious Living for Women. The book was written to empower women to believe that they can live a life of victory at any stage in their lives. Through personal experiences, creative thoughts, ideas and concepts this book will be used to illustrate to its readers that it is possible to live victoriously in every area. The book features stories of victory on the subjects of health, finance, marriage, parenting, careers, relationships and ministry. The mission of the book is to help to shape the lives of women around the world.

"This project has a group of incredible women who truly understand the power of collaboration and unity," commented Cheryl Pullins, Partner, Suber-Pullins Publishing. "We took 40 women into this project and proved that women can work together. The Victorious Living for Women book project is a clear indicator that there is an undercurrent of sisterhood that helps to carry women to their destined place."

"I am honored to birth this project with Cheryl. She and I had no idea that VLW would become a world wide movement so soon. The diversity and unity on this project prove that kingdom people can establish and walk out kingdom purpose," said Jamar R. Suber, Partner, Suber-Pullins Publishing. "Suber-Pullins Publishing and the VLW movement are positioned to be successful for decades to come. This is only the beginning."
